

Molluscicidal and Anti-Barnacle Compounds

Abstract

The use of one or more compounds as a molluscicidal and/or mollusc-repellant agent, employs one or more compounds that are terpenes or oxygenated derivatives thereof. A molluscicidal and/or mollusc-repellant agent comprises one or more of the compounds of the present invention. The use of one or more compounds as an anti-barnacle agent, employs one or more compounds that are terpenes or oxygenated derivatives thereof. An anti-barnacle composition comprises the one or more compounds. A plant extract is employed as an anti-barnacle agent.
